

Quick Start Campus-Wide License for Faculty, Staff, and Students

Overview

This guide describes how to install and activate a Campus-Wide License. The Campus-Wide License provides access to all faculty, staff, and students on university-owned computers. Faculty, staff, and students are also able to install MathWorks software on their personally-owned computers.

Download Product Installer

1. Go to the portal provided by your university. Under the Get MATLAB and Simulink section, select **Sign in to get started**.
2. Sign into the MathWorks Account that is linked to your university license.
3. Click **download** for the current release.
4. Choose a supported platform and then download the installer.

Install MathWorks Products

1. Run the **installer**.
2. Sign in with a MathWorks Account and follow the instructions in the installer.
3. When prompted, select the **Academic – Total Headcount** license labeled **MATLAB (Individual)**.
4. In the Product Selection screen, select the products you want to download and then click **Begin Install**.
5. When the installation is completed, click **Finish**. You may now begin using MATLAB. If you are new to MATLAB, learn the basics with [Getting Started with MATLAB](#).
