Introduction to Simulink for MATLAB Users

Magnus Jung
Application Engineer
What is Simulink?
Simulink is:

System Identification for an FIR System using LMS Adaptive Filtering
Simulink is:
Why use Simulink?
Why use Simulink?

System Simulation
Why use Simulink?

Solver

System Simulation
Why use Simulink?

Solver

System Simulation

Interactive testing and visualization
Use Simulink for:

- Solver
- System Simulation
- Interactive testing and visualization
