* Important information about OS X 10.5 supportI

Graphics
- X11 (X server) for Mac OS X

Java Virtual Machine
- Java Runtime Environment 1.5 Release 4

Compilers (for MEX Files)
- View an up-to-date list of supported compiler versions from third-party vendors.

License Management
- Some license types require a license server running FLEXnet 11.4, which is provided by the MathWorks installer.
- TCP/IP is required on all platforms when using a license server.

Support for Products on Operating Systems No Longer Supported
If you are enrolled in Software Maintenance Service, MathWorks will respond to technical questions and provide workarounds when possible for a period of two years from the date when MathWorks ended support for an operating system. See the platform road map for more information.
